THE ALL - AROUND CHAIN SAW

The all new Homelite 47 is designed to meet a wide range of cutting applications and is packed with features that the pros look for:-

- Powerful 47cc engine that can tackle the most demanding cutting jobs.
- Low noise level and vibration isolated handles for greater operator comfort.
- Adjustable automatic oiler for longer bar and chain life.
- Large fuel and oil reservoirs for longer periods between refills.
- Electronic ignition for extra dependability.
- Chain brake and Safe-T-Tip for increased security.
- Available with 16" and 18" cutting attachments.
- Lightweight making it the ideal saw for pulp cutters and other users.
