

HERE'S HOW YOU GET TWO CHAIN SAWS OUT OF ONE. With Homelite's exclusive conversion unit, it takes just 9 minutes to switch from the speed of Direct Drive to the extra lugging power of Gear Drive. Now, you can do every farm cutting job quicker, easier.

Brand New HOMELITE

The totally New C-5 easily converts from Direct to Gear Drive in just 9 minutes.

For years, Homelite has been first choice with the pros. Now, we've designed a new chain saw for the farm that is packed with these professional features. Compactly-designed, the new C-5 is balanced for easy cutting and easy handling. Its weather-proof ignition system has a high-voltage output magneto that gives you instant starting in all seasons, and in all climates. Its famous Homelite short-stroke engine delivers unflinching power. A rugged, die-cast unit, it gets maximum strength from cast-in structural mem-

bers . . . will stand up under the toughest abuse.

You can tell a lot just by looking at this solid, streamlined saw. But take it in your hands and cut with it. That's the real convincer! We're sure you'll be impressed with the speedy start, the smooth, free-breathing operation, the power. As a Direct Drive it's ideal for most farm cutting jobs. But the C-5 is a convertible. Take 9 minutes to convert it to Gear Drive. Then you've got extra lugging power for *every* cutting job, even the toughest. We think you'll agree, "No

Chain Saw for the Farm!

other farm tool costs so little, does so much".

Go down to your Homelite dealer. (You'll find the name of the dealer nearest you listed on the page preceding this ad.) Get a look at this amazing, new saw. Have your dealer point out all the professional features that make the C-5 the best performing, most-dependable chain saw for farm use. Cut with it! Convert it! We know you'll be convinced. If you're buying a chain saw this season, you can't possibly buy

more saw for your money than the new Homelite C-5 CONVERTIBLE DRIVE.

FOR AS LITTLE AS \$149⁹⁵
Direct Drive with 14" bar and chain
