CONVERTIBLE DRIVE CHAIN SAW

*Like having  
Two Chain Saws  
in one!*

# New Homelite

## The Amazing New Farm Saw from Direct to Gear Drive

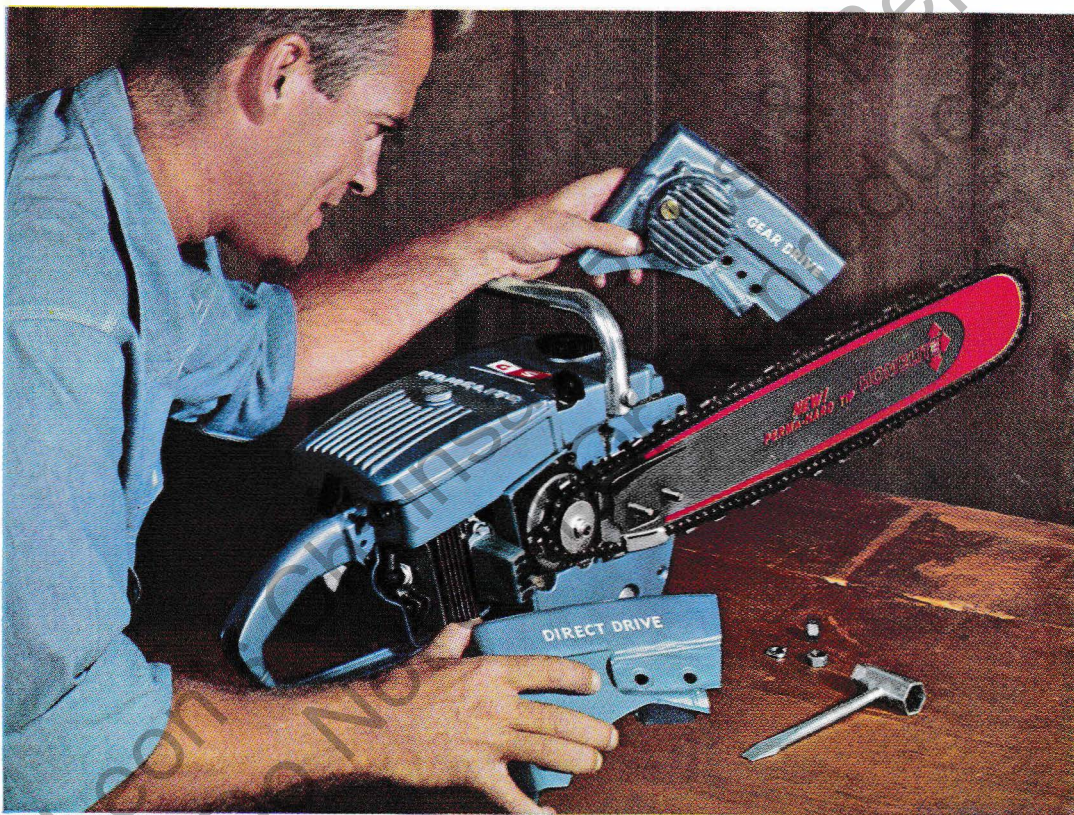

For years, Homelite has been the number one choice with the pros. Now, we've designed a brand-new farm saw that is loaded with these professional features. You'll find a dozen of these important features listed in this folder. Your Homelite dealer will point out even more for you.

You can tell a lot just by looking at this rugged, streamlined saw. But take it in your hands and cut with it. That's the real convincer! We're sure you'll be impressed with the speedy start, the smooth, free-breathing operation, the power. As a Direct Drive it's ideal for most farm cutting jobs. But the C-5 is a convertible. Take the 9 minutes to convert it to Gear Drive. Then you've got the *extra* lugging power for *every* cutting job, the toughest included. We think you'll agree "No other farm tool costs so little, does so much."

# Saw that Easily Converts in Just 9 Minutes!

## *This is how you get two Chain Saws out of one!*

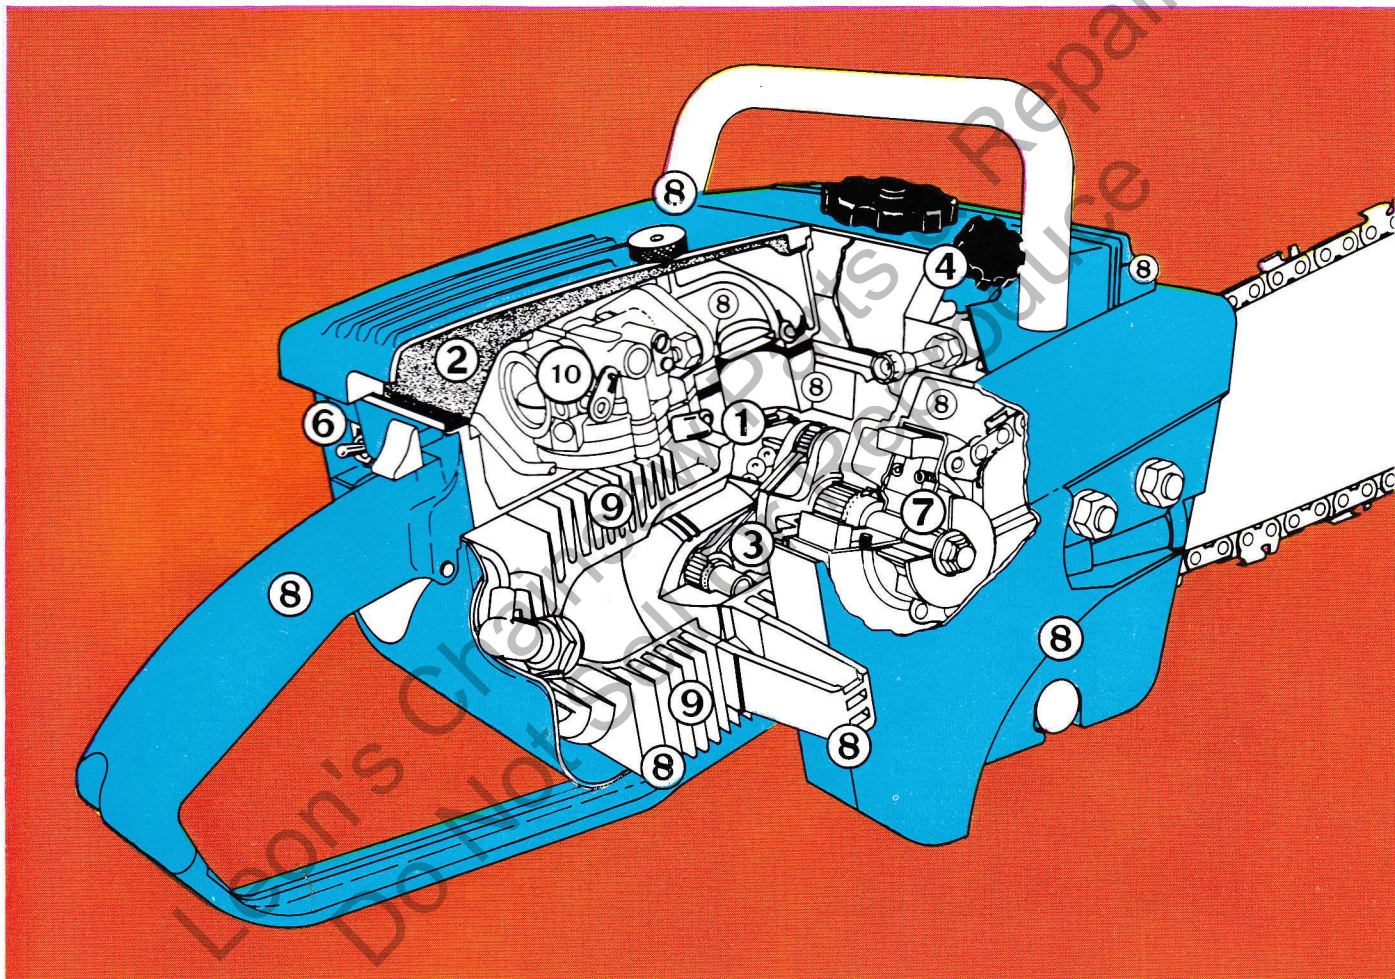

You buy a Direct Drive C-5. It gives you the basic unit packed with the features that have made Homelite "first with the pros." With the Direct Drive C-5, you've got the speed, the power, the dependability . . . everything you need for most jobs.

But what about the cutting job that is real rugged . . . how do you get the extra lugging power that

you need? With the new C-5 it is simple. You buy Homelite's exclusive conversion unit, attach it in just 9 minutes and you've got a Gear Drive saw with all the lugging power for your toughest cutting jobs. And that's why we say Homelite's new C-5 CONVERTIBLE DRIVE is "Like having two chain saws in one."

# You're looking at a dozen good reasons why the Homelite C-5 is your Best Buy in Chain Saws today!

1. Weather-proof Ignition system has high-voltage output magneto that gives you instant starting in all seasons, all climates.
2. Oversized air filter, located in cleanest location with protection from rain and snow, assures long operating time between cleanings. When dirty, it can be easily cleaned and re-used many times.
3. Homelite's famous short-stroke engine delivers unfailing power.
4. New, Oil Reservoir with side-mounted opening is easy to fill, less apt to spill.

5. New, narrow, compact design is balanced for easy cutting and easy handling.
6. New, safety-proved Ignition Switch is protected but instantly accessible, takes only a flick of the thumb to operate.
7. New, husky Crankshaft is of rugged, balanced design for maximum possible life.
8. Rugged die-cast unit gets maximum strength from cast-in structural members . . . stands up under the worst kind of abuse.

9. Unobstructed flow of cooling air to cylinder assures long engine life.
10. New Butterfly Choke, identical with those on top professional saws, gives complete control, added assurance of instant all-weather starting.
11. All-position cutting is easy with a C-5.
12. Trees and stumps can be cut flush with the ground.

# New Homelite C-5 gives you Direct Drive Speed or quickly converts to Gear Drive Power to do every farm cutting job

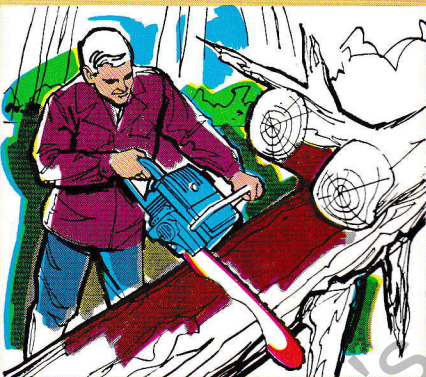

**Pruning and Trimming.** For orchards or shade trees, the lightweight C-5 provides power and reach to make cut with ease.

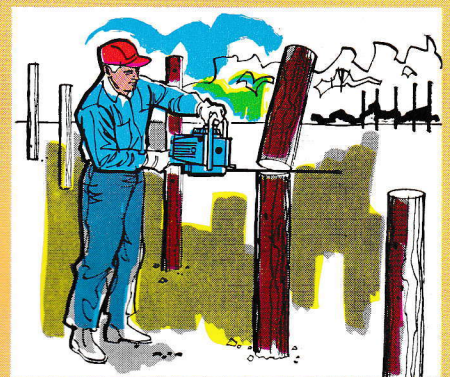

**Cutting Firewood.** With a C-5 you can cut more firewood in an hour than two men can cut with a hand saw all day long.

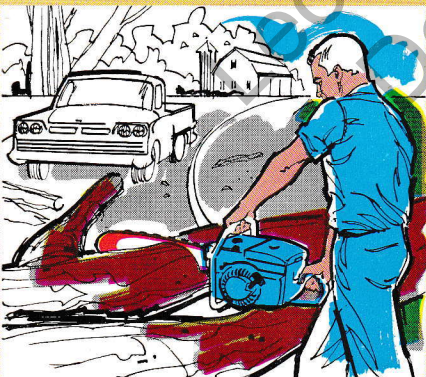

**Clearing for Building or Campsites.** The C-5 lets you cut flush with the ground. Eliminates ugly stumps. Is easy to carry.

**Removing Dead Trees.** You'll find that the Convertible Drive C-5 is the ideal saw to cut down and cut up dead trees on the farm.

**Cutting Fence Posts.** Here again the C-5 has all the speed and power you need to do this important, money-saving farm job.

**Repairing Storm Damage.** Another important use for your C-5 — the speedy removal of trees damaged by storms or disease.

**Cutting for Cash.** You'll find that with the versatile C-5 you can make good money by harvesting trees as a cash crop.

**Building Cabin or Shelter.** You'll cut lumber for cabin or shelter in much less time, and with much less effort with your C-5.

**Homelite has a Complete Line of Chain Saws for Every Cutting Need!**
