7-10A CHAIN SAW

ILLUSTRATED PARTS LIST

7-10A chain saws are identified by a model number (600052) followed by a suffix letter (A, B, C, etc.) stamped on the identification plate attached to the saw. Suffix letters denote variations in parts or assemblies in manufacture of the saw.

Part numbers listed in this I. P. L. and followed by a suffix letter, indicate the part is used on the model identified by that letter.

Part numbers listed without suffix letter or letters apply to all models of the 7-10A saw unless specifically noted otherwise.

DECEMBER 1974

The policy of McCulloch Corporation is one of continual improvement in design, manufacturing and engineering advancement wherever possible to assure still finer two-cycle power tools. Hence, specifications, equipment, colors, design and manufacturer's suggested list prices are subject to change without notice and McCulloch Corporation reserves the right to make such changes without prior notification or obligation to backfit or supply backfit components for units previously shipped from the factory.
