

ILLUSTRATED PARTS LIST

MODEL NAMES	SERIAL NUMBER PREFIX	MODELS
TITAN 35	11-	600143-06
TITAN 40	11-	600144-04

McCulloch Chain Saws are identified by a model number (in this instance 600143 & 600144) followed by a suffix number (04 & 06 etc.). Suffix numbers denote variations in parts or assemblies used in the manufacture of this product.

Part numbers listed in this I.P.L. which have a circled number ① or numbers preceding the description, are used only on the model or models identified by a circled number ① or numbers.

Part numbers which have one or more dots (.) preceding their descriptions may be ordered individually, but they are also included in the kit or assembly whose description begins directly above the dot(s).

The policy of McCulloch Corporation is one of continual improvement in design, manufacturing and engineering advancement wherever possible to assure still finer power tools. Hence, specifications, equipment, colors, design and manufacturer's suggested list prices are subject to change without notice and McCulloch Corporation reserves the right to make such changes without prior notification or obligation to backfit or supply backfit components for units previously shipped from the factory.
