

NEW HOMELITE CHAIN SAW

LIMITED WARRANTY

Homelite Division of Textron Inc. warrants to the original retail purchaser that this Homelite Chain Saw is free from defects in material and workmanship and agrees to repair any defective saw free of charge within these time periods from the date of purchase:

- One year, if the saw is used for personal, family or household use;
- 90-days, if the saw is used for any other purpose, such as commercial or rental use.

This warranty is not transferable and does not cover damage resulting from other than defects in material or workmanship, or damage caused by unreasonable use, including the failure to provide reasonable and necessary maintenance. In addition, this warranty does not cover tune ups or replacement of non-defective parts (such as spark plugs, filters, starter ropes, etc.) that may wear out with reasonable use within the warranty period or which may require replacement in connection with normal maintenance. This warranty applies only to chain saws sold within the United States of America, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, the Canal Zone, or American Samoa.

You must at your expense arrange to deliver or ship the saw for warranty repairs and arrange for pick up or return of the saw after repairs have been made.

ANY IMPLIED WARRANTY, OF MERCHANTABILITY OR OTHERWISE, APPLICABLE TO THIS PRODUCT IS LIMITED IN DURATION TO THE PERIOD OF THIS WRITTEN WARRANTY. HOMELITE SHALL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

HOW TO OBTAIN WARRANTY SERVICE

Warranty service can be obtained from a Homelite owned service location or from a Homelite dealer authorized to make warranty repairs. If you need warranty service, check first with the Homelite dealer from whom you purchased the saw for the name and location of the nearest dealer providing warranty service, or consult the list of Homelite owned service locations packaged with your saw. You may also obtain this information by writing

Manager, Customer Relations
Homelite
P. O. Box 7047
14401 Carowinds Blvd.
Charlotte, N. C. 28217

You will receive a prompt response to your inquiry.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This warranty is given by Homelite Division of Textron Inc., Post Office Box 7047, 14401 Carowinds Blvd., Charlotte, North Carolina 28217.

Please return the owner registration card to Homelite, although return of this card is not necessary to obtain warranty coverage.

EXPLANATION OF HOMELITE LIMITED WARRANTY

You have purchased the finest chain saw on the market. It reflects Homelite's dedication to producing a quality product. Homelite has many dealers and they are dedicated to maintaining your chain saw at a high level of quality, and customer satisfaction.

Homelite's owner's manual provides you with the information on routine care that will aid you in continued satisfaction.

In spite of all our efforts occasionally warranty service is required. Your Homelite warranty is a good one designed to protect you and your investment. The terms and conditions of your warranty are set forth in the warranty itself, which is printed on the front page of this pamphlet. For easier reference, some of the provisions of your warranty are explained in the questions and answers below.

QUESTIONS AND ANSWERS

1. Question: Who warrants this product?

Answer: *Homelite Division of Textron, Inc.
P. O. Box 7047
14401 Carowinds Blvd.
Charlotte, N. C. 28217*

2. Question: How long is it Warranted for?

*One year from the date of purchase, if used for personal, family or household use.
Ninety days from date of original purchase if used for commercial or rental use.*

3. Question: Who is covered by this Warranty?

Answer: *The original purchaser only.*

4. Question: What is covered?

Answer: *Defects due to material and/or workmanship.*

5. Question: What is not covered?

Answer: *Damage caused by unreasonable use and/or failing to provide reasonable and necessary maintenance. Items such as spark plug, filters, starter rope, carburetor adjustment, tune up, guide bar, chain sprocket and clutch, may require replacement within one year, due to normal wear and through reasonable, and necessary maintenance, and would only be covered under warranty if there was a failure due to defect in material or workmanship.*

6. Question: What are Homelite's responsibilities?

Answer: *Homelite will repair a defective saw free of charge during the warranty period.*

7. Question: What are customer responsibilities?

Answer: *A. To provide reasonable care and maintenance.*

B. To replace worn parts.

C. Arrange to deliver or ship the saw for warranty repair, also to arrange for pick up or return of the saw after repair.

D. If repair is unsatisfactory contact:

*Manager, Customer Relations
Homelite
P. O. Box 7047
14401 Carowinds Blvd.
Charlotte, N. C. 28217*

8. Question: Where is information available regarding where warranty will be performed?

Answer: *A. From the dealer where purchased.*

B. Any Homelite owned service location listed here.

C. Write: Manager, Customer Relations

*Homelite
P. O. Box 7047
14401 Carowinds Blvd.
Charlotte, N. C. 28217*

SAFETY PRECAUTIONS FOR CHAIN SAW USERS

BASIC PRECAUTIONS FOR PERSONAL SAFETY

- Use safety footwear, snug-fitting clothing, and eye, hearing and head protection. Wear non-slip gloves to improve your grip. Do not wear scarfs, jewelry, or neckties which could be drawn into the engine or catch on the chain or underbrush.
- Always hold the chain saw with both hands when the engine is running. Use a firm grip with thumbs and fingers encircling the chain saw handles.
- Guard against kickback
 - a) Use a Homelite® SAFE-T-TIP™ on your guide bar. When properly installed, a SAFE-T-TIP (Pat. Pending) prevents chain saw kickback.
 - b) Hold the chain saw firmly with both hands. Don't overreach. Don't cut above shoulder height.
 - c) Don't let the nose of the guide bar contact a log, branch, the ground or any other obstruction.
 - d) Cut at high engine speeds.
 - e) Don't operate with a loose chain. Maintain the correct tension of the chain as prescribed in the Owner's Manual.
- Guard against the effects of long or continuous exposure to noise, such as is involved in the operation of a chain saw. Hearing protection devices are available from your local Homelite dealer.
- Never operate a chain saw when you are fatigued.
- Keep all parts of your body away from the saw chain when the engine is running.

BASIC PRECAUTIONS WITH CHAIN SAWS

- Always carry the chain saw with the engine stopped, the guide bar and saw chain to the rear, and the muffler away from your body.
- Always use caution when handling fuel. Move the chain saw at least 25 feet (7.7M) from the fueling point before starting the engine.
- Keep the handles dry, clean and free of oil or fuel mixture.
- Before you start the engine, make sure the saw chain is not contacting anything.
- Do not leave the engine running unattended.
- Operate the chain saw only in well ventilated areas.
- Be sure that the chain stops moving when the throttle control is released.

BASIC PRECAUTIONS IN CUTTING/WORK AREA

- Keep bystanders and animals out of the work area when starting or operating the chain saw.
- Never start cutting until you have a clear work area, secure footing, and a planned retreat path from the falling tree.
- Use extreme caution when cutting small size brush and saplings, because slender material may catch the saw chain and be whipped toward you or pull you off balance.
- When cutting a limb that is under tension, be alert for spring-back so that you will not be struck when the tension in the wood fibers is released.

BASIC PRECAUTIONS ABOUT MAINTENANCE

- Never operate a chain saw that is damaged, improperly adjusted, or is not completely and securely assembled. Be sure that the saw chain stops moving when the throttle control trigger is released.
- All chain saw service, other than the items in the Owner's Manual maintenance instructions, should be performed by competent chain saw service personnel. (If improper tools are used to remove the flywheel or clutch, or if an improper tool is used to hold the flywheel in order to remove the clutch, structural damage to the flywheel could occur which could subsequently cause the flywheel to burst.)
